

Finding Perimeter: Square, Rectangle, Triangle

Triangle Perimeter = $side^1 + side^2 + side^3$

Square Perimeter = $side \cdot 4$

Or.....Perimeter = $side^1 + side^2 + side^3 + side^4$

Rectangle Perimeter = $2(\text{length}) + 2(\text{width})$

Perimeter = $side^1 + side^2 + side^3 + side^4$

Finding Perimeter: Square, Rectangle, Triangle
